

Storage and presentation of finished products for food and beauty-wellness markets.

● LIQUID PRODUCTS

TYPE ATK™

Made of pure aluminum, the ATK™ range offers a protection against shocks, compressions or perforations and maintains integrity of your products thanks to the natural resistance/strength of aluminum.

From 125 ml up to 1100 ml, very light and resistant, the ATK™ range is ideal for an innovative presentation showing your products in a nice vintage and contemporary look.

MAIN USES

Food ingredients, fine fragrances, cosmetics and beauty products (olive oil, eau de toilette, aromatherapy, spas, beauty institutes, etc...).

TYPE ATK™

LIGHT AND RESISTANT

- Pure aluminum.
- Excellent mechanical resistance against shocks, perforations, compressions...
- Chemical resistance ensured by food grade inner coating.
- Protection against gas and light.
- Excellent thermal conductivity.
- Aluminum bottle lightweight (as light as plastic materials).

NICE LOOK

- Range available with elegant aluminum screw caps with expanded polyethylene liner.

VARNISH

- Available in standard with food grade inner coating (FDA approved).

OPTIONS

- External lacquering, silk screen printing.

RECYCLABLE

- High value of aluminum scrap.
- Bottle is made of 100% aluminum.

Note: user is sole responsible for checking and ensuring the compatibility of its product with the Tournaire packaging system, see our general sales terms.

ATK™ RANGE - from 125ml up to 1 100ml

Capacity (ml)	Type	Quantity per box	Quantity per pallet	Inner neck Ø (mm)	Thread Ø (mm)	Bottle height (mm)	Labelling height (mm)	Weight (g)
125	ATK™ 24	352	4 576	18	23,4	105,5	65	24
315	ATK™ 31	234	2 106	22,5	30,6	150	100	43
550	ATK™ 31	140	1 120	22,5	30,6	183	118	69
1 100	ATK™ 31	110	770/880	22,5	30,5	234	150	95

Indicative data - Total height of the bottle with closure - Weight of the bottle without closure.

CLOSURES

The ATK™ 24 is compatible with GCM™ 24-410 pumps and sprayers.
